

Miss Prine

Cordially invites visitors to the State Fair to come to her booth and witness the demonstration of this new-fashioned baking powder.

Miss Prine
Pure Phosphate Baking Powder

Takes the uncertainty out of baking, because it rises as it bakes and bakes as it rises, heat being required to develop its full leavening strength.

Give it a trial and you will be delighted with the delicious bakings, of feathery lightness, that reward your efforts.

If You Can't Buy the
Champion

at least you can carry home a "photograph snap" of him. We have the Kodaks, and there's no law against taking pictures in the fair grounds. There you'll have Arabella, the greatest living dizzy height artist, along with Jenny, the snake eater. All of these make wonderful subjects for amateur photography, which is, by the way, the everyday vernacular for KODAKERY.

Come in and let us ride out our champion stock of little machines for your personal inspection. You'll be surprised to see how SIMPLE a matter it is to KEEP A KODAK DIARY.

HUMPHREY
"Radiantfire"

Average cost to run 10 radiant size per hour is two to three cents on artificial gas and one cent on natural gas; 7 radiant size proportionately less. Cheaper than coal—in the spring and fall months, before your furnace is started, will save a ton of coal a month and all the work and worry.

Try it at our risk. We guarantee satisfaction.

WELCOME

Victory and its results are the hearts and minds of our people and we all feel like celebrating and we all feel like celebrating. We have anticipated your wish and we have anticipated your wish. We will find at the State Fair the spirit of victory. Virginia will feel proud of the part she is bringing us again to a peace and plenty. Now, with the din of battle over, with the equality and democracy taken
